INTRODUCTION

THE old Town of Dorchester was settled about June, 1630, (Blake's Annals,) being called at first, Mattapan. At the bottom of page 217 of the printed Records of the Colony of Massachusetts Bay in New England (1630) we find the following record and marginal note ——

Mount Woollaston is to be bounded by the Blew Hills and the rest is to bee to Dorchester, to go to the bounds of Plimouth. / Mount Woolliston bounds. Brantry bounds.

Dorchester before this time included the territory which is now Milton and the above brief record constituted Dorchester's title to a triangular tract of adjoining land extending to within half a mile of Rhode Island line. The tract measured on the Dedham or northwest side about twenty miles, on the Old Colony Line or south side about nineteen miles, and on the Mount Wollaston or northeast side about eleven miles. This territory included the towns of Canton, Stoughton, Sharon, and Foxborough, and parts of Dedham, Norwood, Walpole, Wrentham, and Avon, and soon acquired the name of *The New Grant beyond the Blue Hills.* The *Mount Woollaston* mentioned in the record was in 1640 incorporated as the town of Braintree and that portion of Braintree which joins the New Grant was in 1793 incorporated as a separate town under the name of Randolph.

Many years elapsed before this part of Dorchester became much settled.

In 1657 about 6000 acres of this tract were granted by the Proprietors of Dorchester to the Ponkapoag tribe of Indians at the request of the Rev. John Eliot, and later a small number of other tracts were sold and settlements started. The principal of these were as follows: one, just south and west of Blue Hill; one, near the south part of Norwood; one, at the southwest end of Sharon; one, near Brockton; one, at Massapoag Pond; and one, in and near Plainville in Wrentham.

In 1696 the Dorchester Proprietors began to divide the unsold lands among themselves, the partition taking many years, being practically completed about 1731. After part of the lands had been divided the proprietors, who had at first kept their records in the record book of the town of Dorchester, were incorporated as a separate body and kept separate records until all their business was concluded, their records ending about 1770.

About the year 1700 the Ponkapoag Indians began to let their lands which went under the name of the *Ponkapoag Plantation* to the white men, on leases running 100 years or more, and the white men immediately set at work building houses and clearing up the land. The Ponkapoag Plantation was

almost wholly within the present territory of Canton and the white settlement which was called *Dorchester Village* or *Ponkapoag* grew so rapidly that in 1715 the "New Grant" was incorporated by the name of the Dorchester South Precinct, and although remaining a part of Dorchester, maintained a separate church and kept a separate book for the recording of Precinct business. A few births were also recorded in this book.

In 1725 the Indians, who by the terms of the grant from the town of Dorchester had no right to sell the Ponkapoag Plantation, nor in fact even to lease it, obtained from the General Court leave to convey their lands to actual lessees through a committee appointed for that purpose. The larger part was sold in March, 1726, as we now reckon the year, or 1725–6 as then written, but the last piece was not sold till more than one hundred years later. Many of these deeds are dated March 22, 1725.

In December, 1726, the Dorchester South Precinct was incorporated as the Town of Stoughton, and as the town increased in population, the Second Parish, (now Stoughton,) and the Third Parish, (now Sharon,) were set off and had separate churches and parish records, but the births, marriages and deaths were still recorded by the Town Clerk. A few years after Stoughton was incorporated, the part of the town west of the Neponset River was set off to Dedham, and other portions were set off to the same town at later dates. Numerous other changes of town lines have been made, one tract having been several times changed back and forth between Stoughton and Sharon.

In 1765 the Third Parish was set off by the name of the District of Stoughtonham, which later became the town of Sharon, their records beginning with the District. Later, a portion of Stoughtonham with parts of other towns was made into the Town of Foxborough.

In 1797 the First Parish of Stoughton with some slight changes of boundary was incorporated as the town of Canton, the older part of the town giving up its right to the name, which, with the records, was retained by the newer portion.

The Town of Canton has had manuscript copies made of the Records of Meetings of the old town; of the Records of Births, Marriages, and Deaths; and of the Assessment Lists; and has also recently published in the History of Canton, reproductions of the original map of the northerly part of the "New Grant" and of the map of Stoughton in 1794–6, as well as of Canton in 1830.

The records in this book published by the Town of Canton are contained in four volumes. The first volume, originally used to record the business of the South Precinct of Dorchester, was subsequently "improved" for a register of births, intentions of marriage, marriages, and deaths, for the Town of Stoughton after that town was incorporated in December, 1726. The Precinct Records are short, ending with the fourteenth page of the original book and contain, besides records of meetings, &c., the record of twelve births. Other births, marriages, and deaths occurring in the Precinct may be found in the Twenty-first Report of the Record Commissioners of Boston, and in the Dorchester Church Records. The remainder of the first volume ending at

page 84 of this book contains: Births as recorded down to about 1761, mostly arranged alphabetically by Christian names; Intentions of Marriage, and Marriages down to 1757; and Deaths down to about 1761. These were begun with method but as the book became filled, vacant spaces were taken up, the result appearing less methodical than it really is.

The second volume of Stoughton Records (pages 85 to 171 of this book) contains Intentions of Marriage, and Marriages from 1765 to 1800, and Births and Deaths from about 1760 to 1800; births before 1766 being classified alphabetically by Christian names, and after that time by surnames. As Canton was incorporated in 1797, and as this volume ends in 1800, there are a few pages in which Canton has no interest, but it was deemed better to print the whole instead of leaving out these pages.

The third volume of Stoughton Records (occupying pages 172 to 180 of this book) is small, containing only Marriages and Intentions of Marriage from 1757 to 1765, and should properly come between the other two, but comes after them in Canton's manuscript copy. On this account its proper place was not discovered until after many pages of the second volume had been electrotyped when it would have been very inconvenient to make a change.

The fourth volume, being Volume One of Canton Records begins with 1797 and runs down to 1845, except the Intentions of Marriage, which extend to 1850. It occupies pages 181 to 269 of this book.

On page 263 will be found the few cases where the Marriages recorded in the office of the Clerk of the Courts at Dedham differ from the town records.

Pages 264 to 273 contain the returns made to the Town Clerk of Stoughton, of marriages solemnized in other towns where one or both of the parties were residents of Stoughton. As the District of Stoughtonham is now the Town of Sharon, Stoughtonham names should have been returned to that town, but as clerks of other towns did not know this, they made the returns to the clerk of Stoughton, who recorded them.

In order to make it easier to compare this printed copy with the original record, the number of the page in the original book is indicated by full faced type like this (**2**) at the beginning of the line.

Asterisks or stars (* * * * * *) indicate that something is gone from the original book. The beginning of the first book is very dilapidated, the lower part of pages 20 and 21 being almost totally gone. The volume of Canton records has been somewhat injured by too close trimming when the book was rebound.

Italics are used to denote something not now in the original and also notes by the editor. On pages 12 and 13 there is considerable matter so supplied from the manuscript copy owned by the Town of Canton, which was made about forty years ago.

It has been the aim of the editor to give every thing as it is recorded, except in the Intentions of Marriage in the *Canton records,* and in these the first one in any particular form is given in full. See the note in italics about the middle of page 200. In order that these may not be mistaken for marriages, the title *Intentions of Marriage* has been put at the top of each page.

The change from the Old Style or Julian Year to the New Style or Gregorian Year was adopted by Great Britain in 1752. By this change the next day after September 2, 1752 was called September 14, instead of September 3. At the same time the year was changed so as to begin on the first day of January, although before that time the year was held in Great Britain to begin on the 25 of March. Many other nations had already made this change, and it had long been customary to give a double number to the year for dates between January 1 and March 25, as for instance on page 1 we find the date January 21, 1720–21, meaning that in English countries the legal year was 1720 (the new year beginning on the 25 of March) although most nations began the year on the 1 of January, which would make the year 1721. One hundred years from that day would be February 1, 1821.

Our records, as in many other towns, are very defective. No Marriages are recorded in Canton between 1798 and 1808, and many others are missing. The records of deaths are very poor for the whole time covered by these records, and probably half of the whole number were never registered. In Canton there were large families of children whose births were not on the records. When the late Mr. James A. Bazin was town clerk he collected and recorded many such, but many others are still unrecorded.

INDEX.

All names in this book have been classified in one index, arranged alphabetically by surnames printed in small capitals, and the Christian names classified under the surnames. When a Christian name is missing it is indicated by a dash (———) at the beginning of the Christian names. The few cases where surnames are missing will be found at the end of the index of names preceded by a very long dash. The "Comfort" and "Grace" on page 12 were most probably Comfort and Grace Whiting and have therefore been entered also under those names. The "* * * * rd and Hann * * *" on page 13 may have been Richard and Anna Bailey, but this is so doubtful that they were not entered under that title. In all cases where the name could be ascertained it was entered in its place, even if it did not wholly appear on the page, as for instance Hammond on page 31. The names have generally been spelled as they are spelled at the present day, any serious differences being also given after the one under which they are classified. Cross references have also been given in many places as for instance, between Armsby and Ormsbee. Amsbury may be the same name. The christian name of the same person was sometimes written in the records very differently at different times. These were generally names of females and some of the names would now be called nicknames, but they were then considered more as synonyms. The principal ones are as follows: Abigail & Nabby; Catherine, Katherine, & Kate; Clara & Clarissa; Elisabeth, Betsey & Betty; Esther & Hester; Hannah & Anna; Marcy & Mercy; Mary, Molly & Polly; Mehitabel & Hitty; Sarah & Sally; Susannah & Sukey. These have generally been indexed as they were spelled and in such cases it will be necessary to look under both names. *Where a name occurs more than once on a page it only*

appears once in the index, so that it is necessary to examine the whole page to be sure to find everything about that name. As it seems to be as necessary to find names of parents as of children these are included in the index. At some periods it was customary to give the title of *Mrs.* to all adult females whether married or not, so that to a person unacquainted with records, the ladies intending marriage between 1757 and 1764, as recorded on page 172 and subsequent pages, would appear to have been all widows. It should also be remembered that I and J were formerly considered as the same letter, and U and V as will be seen on pages 16 and 21.

An index of places has been placed after the index of names.

A Coppy of the General Court Grant for a new precinct to be set off within the Township of dorchester.

[Upon Reading a Petition of the Inhabitants of the Westerly Part of the Blew Hills within the Town of Dorchester commonly call'd the New Grant, Importing, That they live very remote from any Place of Public Worship, The nearest being about six miles distant from Dorchester Dedham & Milton Were upon that account very uneasy & Petitioned ye Town of Dorchester that they might be sett off a Precint by themselves, Whereupon at a Meeting of the Town of Dorchester, on the twelfth Day of May 1707, they did by a Vote manifest their Consent thereto, and that the Petitioners should be impowered to agree with & settle an able Minister among themselves, & to raise a Tax to defray the Charges of Building their Meeting House & Maintenance of their Minister &c, and chose a Committee, who with the Petitioners on the tenth Day of June following agreed upon the Place where the Meeting House should stand & now stands, & what should be the Bounds & Limits of their Precinct, As by the Committee's return may appear, and moreover the Town of Dorchester gave the Petitioners about thirty Pounds towards Building their Meeting House,

That upon this Encouragment the Petitioners sett, about building their Meeting House, and in May 1708 petitioned the General Court for Confirmation of what was done, & to impower them to do such other Acts as might be agreeable to the Laws &c Which passd in the House of Representvs, but was Non-Concur'ed in Council, That they have improv'd the Rev'd. Mr. Joseph Morse as their Minister for above these eight years, but not ordain'd, Nor the Petitioners enabled to levy a Tax for his Support, Which lays them under very great Inconveniences for want of the Gospel, & as to the Minister's Support, Which falls heavy upon some while others refuse to pay any thing at all.

Humbly Praying that the General Court will please to Confirm the said Town Vote, & the Doings of the Committee thereupon, And that they may be a distinct Precinct & Impower'd to choose fit Persons among themselves to asses, & Levy a Tax for the Support of their Minister, & Defraying other Charges & to do such other acts as may be agreeable to the Laws, &c.]

The above three paragraphs in smaller type and enclosed in brackets are not in the Book of Records but are copied from the Records of the General Court.
